SUBJECT IOM 393.1-213

Do not, under any circumstances, send memos to Pickering without a prior discussion with me, Gato, or Roddy!!!!!! Furthermore, subject IOM is in error: Your version of the write up was not the one forwarded to NASA because it was not considered appropriate for the awards committee. The write up used was the one I showed you - it will not be replaced at this time.

*Roger* JPL 0165-S (REV. 10-69)
