Suite 1900  
Los Angeles, CA 90067

Dear Dr. Minovitch:

Thank you for your letter of November 7, and the collection of materials relating to "gravity propelled interplanetary space travel." It is a pleasure to hear from you. We are presently in the process of evaluating the proposals submitted for the contract history tentatively entitled, "Grand Tour: A History of Voyager Project." Once we have completed this evaluation and awarded a contract I will ensure that these materials are made available to the historian writing the study.

With your permission, I would also like to include these documents into the NASA Historical Reference Collection for the use of any other scholar who might be researching the subject. I hope you will agree to this request.

Thanks again for your letter. If you wish to discuss this further, please feel free to call me at 202-358-0383.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger D. Launius", with a long horizontal flourish extending to the right.

Roger D. Launius  
Chief Historian
